Foot Outline Chart

Please follow these instructions to provide us with accurate foot outlines.

1. Wear a pair of THIN socks when drawing around your feet (thick socks will distort the drawing and add up to half a size larger than your foot actually is).

2. Place the pen tip on the base line (bottom left corner of the page) and gently move your heel back to touch the pen. Your foot should be central on the long black line.

3. Keep the pen directly upright (not tilted) and draw all the way around your foot. See diagrams below. Repeat for your other foot using the second chart and post to us at:

HuntShop
479 Dean Street
Albury NSW 2640
Australia

We will then contact you to discuss your boot sizing. For more information call us - (02) 6021 6200.

Please make sure you post us charts for both feet!

RIGHT FOOT

Please include your:

"Normal" UK boot size _____

Height _____ cm

Weight _____ kg

Name _____

Address _____

Post Code _____

Phone (_____) _____

Email _____

GUIDE ONLY. WE MATCH YOUR DRAWING TO THE INNER SOLE OF OUR BOOTS.
